

Tobacco, Like Food, Must Be Fresh To Be Good

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

V. S. A. NOTES.

The school closed Wednesday, Nov. 24, for the Thanksgiving recess. The vacation is much shorter this year than usual, because of the two weeks off at the time of the scarlet fever scare. However, many of the students availed themselves of the opportunity to go home or to do deer hunting, and it will be rather quiet at the Center Thanksgiving day.

An ice rink is being constructed at V. S. A. and if nature will do her part there is no reason why the Aggies should not have a fine place on which to play all of the ice games going, and there will surely be a hockey team, the first in the history of the school.

AIDS TO DIGESTION

Whatever improves bodily conditions in general aids digestion.

Cheerfulness, exercise, fresh air, baths and good habits make your digestion better able to take care of any burdens you impose upon it. But the greatest aid to good digestion is good blood. Anemia, or thin blood, is a common cause of indigestion. Normal action of the stomach is impossible without healthy, well-oiled blood.

Dyspepsia which does not yield to ordinary treatment may be quickly corrected when the blood is enriched. Many people have secured relief from chronic forms of indigestion by the use of Dr. Williams' Pink Pills which make the blood rich and red, capable of carrying an increased amount of oxygen, the great supporter of human life.

Have you ever seriously considered giving Dr. Williams' Pink Pills a trial to tone up your digestion, increase your vitality and make life better worth living? If your blood is thin and your digestion weak you certainly need them. Send for a diet book. It is free and will help you decide.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

Genuine Prescription For All Rheumatism

Pain Disappears and Swelling Vanishes in a Few Days

Rheuma—that is the name of the scientific prescription that is putting rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Says Samuel Powell of Geneva, Ky.: "For several years I was such a sufferer from rheumatism I could not straighten out my right arm or leg. After taking one bottle of Rheuma, my limbs are supple and free from pain."

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood. 50 cents a bottle of the Red Cross Pharmacy and all druggists.—Adv.
